Draft Amendment #17 to the 2006-2009 STIP

Public Comment on Draft Amendment #17 to the 2006-2009 STIP
Re: Traffic signal at Whittier and Egan intersection, Juneau.

At one time, this project appeared on the STIP.
This project is supported by the CBJ Area-wide Transportation Plan, and had CTP and Safety improvement funds assigned.
Please explain the status of this project.

Assuming it is necessary to place this project on the STIP, I request that this project be re-scored for prioritization on the CTP STIP project list for Juneau under Amendment #17.

Sincerely,
Nancy Waterman
